ISSUED TO THE SUBSCRIBERS BY PHILLIMORE & CO.,
124, CHANCERY LANE,
1900.

P R E F A C E .

With the present second volume the Marriage Registers down to 1812 of ten more Hampshire parishes appear in print, thus preserving the information they contain from all risk of being lost or from being improperly tampered with.

The preceding volume contained the Marriage Registers of the following parishes :—

1379133

Penton Mewsey	Tufton
Knight's Enham	Bramley
Monxton	Dummer
Hurstbourne Tarrant	Steventon
St. Mary Bourne	Deane
Hurstbourne Priors	Wootton St. Lawrence
Bullington	Cliddesden

As before, this volume is issued without an index. Hereafter, the Editor hopes that it will be feasible to issue a general index for the whole county, and thus to avoid that great evil—an undue multiplicity of indexes. Moreover, by postponing index-making for the present, we expedite the printing of the Registers themselves, a matter of no small moment when we remember the risks to which these valuable records are exposed—risks which are well illustrated in the present volume, in which only three of the parishes whose records are now printed have Registers dated prior to 1636, while the earliest of the three sixteenth century Registers only dates from 1560. As the Registers ought to begin in 1538, it is plain that in every one of these parishes a very large part of the Register has been lost or destroyed. Of the still existing Registers several are in very imperfect condition and have suffered greatly from neglect. That of Overton is especially faulty, the two earliest volumes are mere fragments, whilst in the third volume every leaf is loose. At Facombe the two

earliest volumes are in bad condition with many gaps. At Coombe the Registers suffered badly from being thrown into a pond about seventy years ago, and the earliest volume is in a fragmentary condition. At Tangleay and Winslade the Registers do not begin till the eighteenth century.

The following abbreviations are again made use of:—

w.=widower or widow.
s.=spinster, single woman,
or son of.
d.=daughter of.

p.=of the parish of.
dioc.=in the diocese of.
co.=in the county of.
lic.=marriage licence.

Some of the Registers have been transcribed by the Editors and Mrs. Phillimore. The Editors have also to acknowledge the kind assistance of the following gentlemen:—The Rev. F. H. Harding, the Rev. C. D. Stooks, Rev. J. C. Le Mesurier, and the Rev. G. S. Gruggen. Thanks for permission to print the Registers are due to the clergy. Their names are mentioned under the several parishes.

It may be well here to remind the reader that these printed abstracts of the Registers are not legal “evidence.” For certificates application must be made to the local clergy.

Volume III is in the printer’s hand and will be issued at an early date, and it only remains to add that the Editor will gladly welcome further help in the way of transcribing marriages. It is only such voluntary help which renders it possible to issue this series of the Parish Registers of Hampshire.

Hampshire Parish Registers.

Marriages at Facombe,

1586 to 1812.

NOTE.—The parish of Facombe is upon the northern side of the county and the present church, a modern one, to which the ancient monuments have been transferred, is upon the top of the hill, near what may be called the village of this sparsely inhabited parish. The old church was in the valley, at Netherton, and in the graveyard at the back of the rectory house can still be traced the foundations of the old building which was pulled down about the year 1865. Many tombstones still remain in the little enclosure.

The Parish Registers to 1812 are contained in three volumes. Volume I is of parchment, folio size, and contains the periods with gaps indicated from 1586 to 1692. Volume II contains the Marriages from 1708 to 1754, and is in a confused state. Volume III is the usual book of printed forms.

These extracts were made by the Editor and the Rector, the Rev. F. H. Harding, who has also collated the proof with the original Registers.

Marriages at Tangleay,

1703 to 1812.

NOTE.—The earliest existing Register is a long parchment book without covers, containing ten leaves written upon both sides. The first entry is the burial of Joane Peston, widow, Sep., 1675, but up to 1702 only burials appear to be recorded. From then up to 1709 the entries are mixed. The first Marriage recorded occurs on page 4. This Volume extends to the year 1753. Volume II is of paper, a thin quarto book, ending in 1810. Volume III commencing in 1814, ends in 1835, and contains 35 Marriages.

The extracts were made by the Editor and Mrs. Phillimore, by permission of the Rev. F. H. Harding, then Rector of Facombe, and have been collated with the Register.

† This written over an erasure in illiterate hand, and apparently in place of “*alias* Mercer.” A note in another hand, “N.B., I.L.U.”

‡ All entries from Aug. 1751 to 1756 are cancelled. It is probable that this cancelling was done by the Rev. E. Duke, who began a new register when he entered on the curacy of Tangleay, 24 June, 1751. The last regular entry in this Volume is in 1756, but there is a Burial entered on the last page in an illiterate hand in 1762.

Marriages at Coombe,

1560 to 1812.

NOTE.—The earliest Register, a small volume, like all the others, has suffered considerably from having been thrown into a pond about the years 1836, when a Mr. Newton was churchwarden. Some thieves stole the communion plate from the parish chest, and the iron chest containing the registers was thrown into the pond. Ultimately both the plate and registers were recovered, but the former had been beaten into a shapeless mass, and the registers suffered considerably from the immersion. The culprits were ultimately transported. These Weddings have been extracted by the Editor and Mrs. Phillimore, and are printed by permission of the Rev. G. Pearson.

VOLUME I.

Volume I contains thirty-nine leaves of parchment, several being stuck together from the effects of damp. The earliest date appears to be 1560, but the first four leaves are in a fragmentary condition and appear to consist principally, if not entirely, of Baptisms. "Buryalls" begin on page 9 with the year 1595. On page 6, though it is headed 16, are Weddings. They appear to be copied from an earlier book. There are no gaps and the entries are given in the order, not altogether chronological, in which they appear in the Register, which is headed "Marriages in Comb in the Countye of Southe, 1560."

Marriages at Vernham,

1607 to 1812.

NOTE.—The Marriages at Vernham, or Vernham's Dean, anciently a chapelry of Hurstborne Tarrant parish, are contained in three volumes, the first of which is in an indifferent condition. It will be seen that there is a serious gap for the period 1672 to 1754. These Marriages have been extracted by the Editor up to 1672, and from 1754 to the end by Mrs. Phillimore. They are now printed by permission of the Rev. F. J. Leaper.

Marriages at Yateley, 1636 to 1804.

NOTE.—The earliest Yateley Register has this statement on its title page:—"A true and faithful Copy of the Register Book of the Parish of Yateley in the County of Southton: viz; of all the Christenings, Marriages, and Burials, from the year 1636 to the year 1709; and from the year 1709 to the end of the year 1729, copied in part from the Register, and the rest collected from the Memoirs of Familys in the Parish, the Register for that time being deficient."

Then on the following page this title:—"A true and faithful Copy of the Register Book of the Parish of Yately from the year 1636 to the year 1709."

The Yateley Parish Magazine for September, 1895, contains an admirable inventory of the contents of the parish chest compiled by Miss Henrietta Haynes. It seems desirable to reprint it here.

LIST OF BOOKS AND PAPERS IN THE CHEST OF S. PETER'S CHURCH, YATELEY, AUGUST, 1895.

I.—*Parish Registers.*

(a). Book containing:—

1. Christenings, Burials, Marriages from 1636 to 1709.
2. Christenings and Marriages from 1636 to 1754.
3. Christenings from 1755 to 1784. The register for 1757 is missing.

N.B.—This book is not the original register, but was composed partly from the ancient register and partly from information gathered in the Parish, as in places the original register is defective.

4. "A true copy of the Poor Rates of Hawley and Cove in the Parish of Yateley beginning in the year 1693." The accounts end in 1753.

N.B.—The entries for 1732 are not found in the old book, but a note dated August 7th, 1810, says that they appear to have been cut out. Only the total expenditure is entered. This is all that can be found for 1745 also. In 1753, the accounts for Cove are lacking.

(b). Book containing a register of the Burials from February 10th, 1685, to December 31st, 1784; but some pages at the beginning containing registers previous to 1685 are lost. There is no evidence as to the date at which the registers in this book originally began. The registers for 1715, 1742 and 1746 are missing.

(c). Book, partly in print, containing the register of the Marriages from June 2nd, 1754, to October 4th, 1804.

(d). Book, partly in print, containing the register of the Marriages from February 23rd, 1813, to June 6th, 1837.

(e). A book, partly in print, uniform with (d), containing a register of the Burials from February 2nd, 1813, to January 5th, 1848.

II.—Accounts of the Overseers of the Poor for the Parish of Yateley.

(a). Book containing:—

1. The Overseers' Accounts from 1637 to 1721. There are no entries for 1639, nor are there any from 1643 to 1651. There are also Rates of the same dates as the Accounts entered in this book.
2. The Churchwardens' Accounts from 1659 to 1698.

(b). Book containing the Accounts of the Overseers from 1721 to 1751. Rates are also entered in this book.

(c). Book containing the Accounts of the Overseers. The inscription in the book is dated 1752, but the Accounts begin in 1751 and end in 1779. The Accounts from 1769 to 1778 are lost. Rates for the same dates as the Accounts are also entered in this book.

(d). Book containing the Accounts of the Overseers from 1779 to 1812.

(e). Book containing the Accounts of the Overseers from 1812 to Easter, 1821.

(f). Book containing the Accounts of the Overseers from March 28th, 1836, to Lady Day, 1844.

III.—Poor Rates.

N.B.—Till 1812 the Poor Rates appear to have been kept in the same book as the Overseers' Accounts.

- (a). Rates from 1812 to 1834. The entries for 1816 are missing.
- (b). Rates from 1834 to 1839.
- (c). Rates from 1840 to 1843.
- (d). Rates from 1843 to 1852.
- (e). Rates from 1852 to 1854.
- (f). Rates from 1862 to 1863.
- (g). Rates from 1863.
- (h). Rates from 1864.

IV.—The Accounts for Banister's Charity.

(a). Accounts for Banister's Charity for Yateley, from Good Friday (March 21st), 1799, to S. Thomas' Day (December 21st), 1865.

There are no entries from Good Friday, 1843, to S. Thomas' Day, 1845, but there is a note to the effect that the money was given in the same way as before. There are also no entries from Good Friday, 1849, to Good Friday, 1853, but there is a note to the same effect as in the former case.

(b). Accounts for Banister's Charity for Hawley from S. Thomas' Day, 1799, to S. Thomas' Day, 1842. Two leaves are torn out containing the accounts for 1810.

V.—The Accounts of the Churchwardens for the Parish of Yateley.

(a). See Overseers' Account (a) 2. The earliest Churchwardens' Accounts (from 1659 to 1698) are entered at the other end of the book in which the earliest Overseers' Accounts are entered.

(b). Book containing:—

1. The Churchwardens' Accounts from 1698 to 1800.

2. Briefs from 1731 to 1755.

(c). Book containing the Accounts of the Churchwardens from 1800 to 1824

- (b). Book containing a Vestry Meeting in 1839.
- (c). Book containing Vestry Meetings from 1839 to 1877.

X.—Loose Papers.

- (a). A Roll containing:—

1. A paper, dated 1629.
 2. An agreement concerning land, dated 1680.
 3. An agreement, dated September 3rd, 1701.
 4. An agreement concerning the tythings of Hawley and Cove, dated 1721.
 5. A paper touching the settlement of one Sarah Strong, dated 1728.
 6. Certificate that William Yoeman is legally settled in the Parish of Yateley, dated December 3rd, 1734.
 7. A printed copy of the Act of Parliament for the better relief and employment of the poor, passed in Parliament of 1780-1781. This copy is dated 1845.
 8. A bond for £100, dated 1790.
 9. Bill to the parishioners of Yateley for work concerning the selling of the Poor House, 1795-1797, and for diverting a road, 1800-1801.

 12. Valuation of Tythes in the property of the Marquis of Winton at Yateley, 19th of July, 1817.
 13. Statement of the sale of Workhouse Land at Farnborough for Railway, 1836.
- (b). Bills to the Parish Officers of Yateley, dated 1819, 1825, 1827, 1828, 1829, 1831, 1832 and 1833. A receipt for a bill is dated 1829.
 - (c). List of Church furniture, books, etc., date 1811.
 - (d). Part of an Act concerning Marriage and Registering, date 1837.
 - (e). Three brass rubbings.
 - (f). The title-page of a Book of Common Prayer.
 - (g). Some blank fly leaves, old covers, etc.

It will be seen from the above list that the Weddings for 1805 to 1812 were missing in 1895. If this plan of compiling proper inventories of parish documents like the foregoing was generally adopted we should hear less of the loss of parish registers. Sometimes the clergyman has very little knowledge of the registers and documents he holds in charge. In one Hampshire parish the incumbent asserted positively that he had no registers prior to 1813 and only after very persistent importunity it was discovered that the registers from the 17th century were, all the time, in a safe in his own study !

This transcript has been made by Rev. J. Le Mesurier and the present vicar, the Rev. C. O. Stooks, who has also collated the proofs with the original Registers.

[The following is here entered in the Register.]

"N.B.—The Rev. Mr. Thomas late Minister of Yateley in
the county of Southton having almost wholly neglected to
register Christenings or Marriages from the year 1710 to the

year 1730. Therefore to supply that Deficiency the Minister and Church Wardens have collected what intelligence they could from the Memoirs of Families in the Parish (publick notice being given of that Defect in the Church) in order to have the same recorded in the Parish Register. But most Families in the Parish having only recorded the Day of their Children's Birth, the Day of their being baptised is infer'd only by Conjecture."

Marriages at Overton.

1640 to 1812.

NOTE.—These Registers are in a very bad state, as will be seen from the following particulars :—

Vol. I., from 1645 to 1675, consists now of scraps and fragments of paper.

Vol. II. is a fragmentary paper book of mixed dates, the apparently earliest marriage was in 1663 and the latest 1677. From that date till the next Volume, the marriage record appears to be entirely missing.

Vol. III., 1754 to 1779, is a paper book with every leaf loose : entries of Marriages or Banns only, three or four on a page, numbered 1 to 144, the last few on the blank (left) pages. Size 16½-in. by 10½-in. Also two loose sheets of a book measuring 10½-in. by 8-in., with entries numbered 26 to 32, 1779 (out of Vol. IV).

Vol. IV. is also of paper leaves, 12¾-in. by 8-in., in the antique calf binding, extends from 1776 to 1812, and includes Banns as well as Marriages.

These extracts have been made by Mr. Samuel Andrews, of Wote Street, Basingstoke, with the permission of the Rev. Canon Stenning, Rector of Overton, and have been carefully collated with the Registers.

Marriages at Winslade,

1723 to 1812.

NOTE.—The Registers of Winslade are scanty, for the extant record begins only in 1723, though it contains among the marriage entries an unusual proportion of non-residents. Thus it forms a useful supplement to neighbouring parishes, especially to Basingstoke, which lies three miles to the north of it. Volume I is on paper bound in green boards, by a late rector, for preservation, and contains many notes of parochial interest, as well as regular entries of baptisms and burials, from 1723 to 1812. The marriages cease at 1754, from which period they are entered into a separate volume of the usual printed forms. These extracts have been made by Mr. S. Andrews, of Basingstoke, and are now printed by leave of the Rector of Winslade, the Rev. A. Kelly, after being collated with the original register.

VOLUME II.

[On the first page are inserted the following notes by former
Rectors :—]

“ There are two Register Books, the first commencing in the year 1763, it is bound but very much out of condition, many of the leaves torn and some of them missing. Marriages, Baptisms, and Burials are entered. Marriages up to 1754, Baptisms and Burials up to 1812 inclusive. There is no entry of Burials from 1730 to 1756, nor of Baptisms from 1740 to 1747, after which periods the entries of both appear very regular, though much intermixed.

The second book commences 1754, it is unbound, and the leaves very much worn and decayed. Marriages are alone entered there, but there appear deficiencies, several years intervening without any entry, (erased), down to 1808, no entry from 1773 to 1779 the longest period ; a leaf probably is lost, but, not being numbered, this is only conjecture ; no entry from November, 1807.

JOHN ORDE, Rector,
T. WINTON, Churchwarden.”

“ The above written statement, in the handwriting of my predecessor, the Rev. John Orde, is in all respects correct. Finding that the two Register Books, alluded to by him, were in a condition not only defective, but also so dilapidated and decaying that there was the probability of their soon

becoming useless for purposes of reference, I have, with my own hand, put them into such repair as their state permitted of. And I hereby declare that in making this repair, no entry has been removed, displaced, mutilated, effaced, or in any wise altered, or interfered with.

Marriages at Aldershot,

1590 to 1812.

NOTE.—The old Register, which is on paper, was in a very dilapidated condition up to 1858, when it was restored as far as possible, under the supervision of Mr. J. Baigent, of Winchester. Much of it is however missing. The Baptisms date from 1571 to 1719; Burials, from 1581 to 1719; Marriages, from 1590 to 1719. The old Register ends apparently in May, 1719, but in the second book three Marriages, omitted before, are entered. This book contains Baptisms, 1720-94; Burials, 1718-96; Marriages, 1714-54. Many pages of this book have been cut out, but they may have been blank. The writing and spelling are very bad. The third volume covers the period 1754 to 1812. The extracts have been made by the Rev. C. D. Stooks, Vicar of Yateley, and are printed under his supervision by leave of the Rev. C. E. Hoyle, Vicar of Aldershot.

Marriages at Up=Nately,

1695 to 1750

NOTE.—The whole recorded Register entries for this parish are in one book, dated 1692 to 1812, but none appear to be extant after 1750. A parchment book with leaves which measure 14 x 12½ inches bound in boards and ealf. Only about half of the volume has been used. This parish is a very small one, forming a curacy to Basing. The entries show that this church was used for marriage by people from Odiham and Basingstoke, both of which are four miles away. The absence of entries after 1750, seems due to lack of care at the mother church, as is perhaps indicated by the irregular dates of the three last entries. These entries have been extracted by Mr. S. Andrews, and are now printed under his supervision, by leave of the Rev. R. F. Hessey, of Basing.

Marriages at Amport,

1665 to 1812.

NOTE.—The marriages here to 1812 are contained in two volumes, as follows:—Volume I, a parchment book of about 50 pages measuring 11½ in. by 13½ in., ruled in two or sometimes three columns, mostly used on both sides, very nearly loose from its binding of boards and leather. Dates 1665 to 1772, Marriages, 1665 to 1754. The entries from 1665 to 1693 are to be found at reversed end of the volume. Volume II, a paper book with the printed forms usual in 1754, it extends from 1754 to 1812, the binding is in a very bad condition. This register was copied by the Vicar, the Rev. G. S. Gruggen, and after being collated with the original by Mr. S. Andrews, of Basingstoke, is now printed by his permission and under the supervision of Mr. Andrews.
